ShipAES

Effortlessly file compliant export documents with an SAP-integrated export shipping software

Your Seamless Exporting Benefits

Auto-filing of export documents

Validate exports at the delivery or shipment level

Coordinate all exporting processes in one platform

Auto-assign tracking numbers (ITN) to shipments

Your Future SAP Export Process

1 Create purchase order based on sales order

2 Input transport details in outbound delivery

3 Send invoice to automate required export documents

Your Future Return on Investment

Avoid export delays due to compliance process mishaps

Cut export processing time with automation

Eliminate manual filing of export documents

Prevent legal penalties & costly fines
